

APPLY FOR A PASSPORT AT SOUTH CHARLESTON PUBLIC LIBRARY

Planning a great international vacation, a business trip to foreign lands, or a romantic honeymoon abroad? Now is the time to apply for a passport! Even if you have traveled outside the U.S. before without one, increased security in all countries means a passport is required for travel outside the United States.

South Charleston Public Library now accepts passport applications for the State Department. Several library staff members are Passport Acceptance Agents and can guide you through the application process. Click [HERE](#) to find out more about the process and our service hours.
